

Update for International Students re: Entering Japan

Since the outbreak of the pandemic, the Japanese government has suspended the acceptance of new international students as one of its measures to combat the spread of the novel coronavirus, and as a result our international students have been unable to enter Japan and have been taking classes online.

On November 5th, 2021, the Japanese Ministry of Foreign Affairs announced, "New measures for Border Enforcement (19)" and on the same day, the Ministry of Education, Culture, Sports, Science and Technology (MEXT) issued a notice to the effect that "Privately-Funded Foreign Students at the Universities and other Institutions may resume entry into Japan." (The measures became effective from 10am on November 8th, 2021.)

In accordance with the above, we would like to announce the following procedures for new international students entering Japan to study at KUFs.
